SAUCEDEMO DEFECT REPORT

Name	Latha S
Course	Software Testing
Topic	Manual Testing
Tool	Jira

Defect Details

Defect ID	Module	Defect Title	Test Account	Precondition	Steps to Reproduce	Expected Result	Actual Result	Severity	Priority	Status	Reproducibility	Environment	Test Data	Reference / Evidence
SD_DEF_001	Checkout - Your Information	Special characters are accepted in First Name, Last Name and Zip/Postal Code fields	standard_user	User is logged in and has at least one product in cart.	1. Login with standard_user / secret_sauce 2. Add any product to cart 3. Open Cart > Checkout 4. Enter special characters such as !<>: in checkout fields 5. Click Continue	The application should validate the input and display an appropriate validation message; invalid data should not allow progression.	The application accepts invalid/special-character input and allows the user to continue.	High	High	Open	Always reported in referenced testing	SauceDemo web app; Chrome-based testing	standard_user / secret_sauce; invalid characters: !<>:	Recent SauceDemo testing evidence
SD_DEF_002	Product Details	Wrong product is displayed on product detail page	problem_user	User is logged in as problem_user.	1. Open saucedemo.com 2. Login with problem_user / secret_sauce 3. Click Sauce Labs Backpack name/image 4. Observe product detail page	The detail page should show Sauce Labs Backpack with its correct image, name, description and price.	A different product/image may be displayed instead of the selected backpack.	High	High	Open	Always reported in referenced testing	SauceDemo web app; Chrome-based testing	problem_user / secret_sauce	Recent SauceDemo testing evidence
SD_DEF_003	Products / Cart	Some Add to Cart buttons do not add products	problem_user	User is logged in as problem_user.	1. Login with problem_user / secret_sauce 2. Open Products page 3. Click Add to Cart for multiple products 4. Observe button state and cart badge	Every product's Add to Cart button should add the selected product and change to Remove.	Some products cannot be added to the cart; the button does not behave as expected.	High	High	Open	Always reported in referenced testing	SauceDemo web app; Chrome-based testing	problem_user / secret_sauce	Recent SauceDemo testing evidence
SD_DEF_004	Checkout - Your Information	Last Name field is non-functional and blocks checkout	problem_user	User is logged in and has a product in cart.	1. Login with problem_user / secret_sauce 2. Add a product and open Checkout 3. Enter First Name 4. Enter Last Name 5. Enter Postal Code 6. Click Continue	Last Name should accept text and the user should proceed to Checkout Overview.	Last Name cannot be entered/retained correctly and checkout progression is blocked.	Critical	Critical	Open	Always reported in referenced testing	SauceDemo web app; Chrome-based testing	problem_user / secret_sauce	Recent SauceDemo testing evidence
SD_DEF_005	Product Details	Product description is missing on product detail page	error_user	User is logged in as error_user.	1. Login with error_user / secret_sauce 2. Open a product detail page 3. Observe product information	Product detail page should display product name, image, description, price and Add to Cart button.	The product detail page may load without the expected product description.	Medium	Medium	Open	Always reported in referenced testing	SauceDemo web app; Chrome-based testing	error_user / secret_sauce	Recent SauceDemo testing evidence

SD_DEF_006	Checkout - Overview	Finish button is not clickable on order overview page	error_user	User is logged in as error_user and has reached Checkout Overview.	1. Login with error_user / secret_sauce 2. Add product to cart 3. Complete checkout information 4. On Checkout Overview, click Finish	Finish should complete the simulated order and display the order confirmation page.	Finish button is not clickable, preventing completion of the purchase flow.	Critical	Critical	Open	Always reported in referenced testing	SauceDemo web app; Chrome-based testing	error_user / secret_sauce	Recent SauceDemo testing evidence
SD_DEF_007	Products / Performance	Login/inventory loading is significantly delayed	performance_glitch_user	User is on SauceDemo login page.	1. Open saucedemo.com 2. Login with performance_glitch_user / secret_sauce 3. Measure time until inventory page becomes usable	Inventory page should load within an acceptable response time without a prolonged delay.	A substantial delay may occur before the inventory page becomes usable.	Medium	High	Open	Environment/time dependent	SauceDemo web app; Chrome-based testing	performance_glitch_user / secret_sauce	Recent SauceDemo testing evidence
SD_DEF_008	Products - Sorting	Price sorting does not order products correctly	visual_user	User is logged in as visual_user.	1. Login with visual_user / secret_sauce 2. Open Products page 3. Select Price: Low to High 4. Verify displayed prices 5. Repeat with Price: High to Low	Products should be sorted numerically according to the selected price order.	Incorrect ordering may be displayed for the price sorting options.	Medium	Medium	Open	Always reported in referenced testing	SauceDemo web app; Chrome-based testing	visual_user / secret_sauce	Recent SauceDemo testing evidence
